HERITAGE PARK VOLUNTEERS

Although all Munster parks are routinely maintained by dedicated Town employees, volunteers help beautify our public parks beyond the limitations of municipal cost and labor constraints.

Projects at Heritage Park, such as the Eagle Scout trails/kiosks, Girl Scout Gold Award bridge/gardens/signage & Munster Junior Historical Society Time Capsule, are ways that *volunteers make a difference.*

Help make *History Bloom!*

A Step Back in Time in the Heart of Town
Corner of Ridge Road & Columbia Avenue

Munster, Indiana

Heritage Park Past

1845 Brass Tavern

Located on an Indian trail and a sand ridge surrounded by marsh land, Ridge Road became a stagecoach route for Indiana pioneers. In 1837, David Gibson built a log inn along Ridge Road. Allen and Julia Watkins Brass purchased this property where, in 1845, they built The Brass Tavern.

In 1864, German immigrants Johann and Wilhelmina Stallbohm purchased The Brass Tavern. Although business declined in the late 1800s and the old inn burned down in 1909, descendants of the Stallbohm family continued to live on this historic site.

1890s Stallbohm Barn

Serving as a rustic backdrop for local events such as Olde Munster Day, the Stallbohm Barn was restored in 1995 and listed on the National Register of Historic Places in 1998. The old red barn was lost to arson in 2002.

Heritage Park Present

Victorian Gazebo

In 1998, Munster Parks built a Victorian-style performance gazebo where weddings, summer concerts, and various other events are held. Nestled at the edge of the woodland, the gazebo is the focal point of Heritage Park. For rental information, call 219-836-PARK.

Century Gardens

An elegant bench arbor donated by Munster Historical Society serves as entryway to the award-winning south garden featuring native plants, brick-lined pathway, Girl Scout bridge, granite bird bath, statue, stone bench, Victorian urn, and a "secret" stairway. The charming Girl Scout Gold Award Trefoil Garden to the north, in front of the Kaske House, was inspired by the 100-year-old landmark home.

Woodland & Nature Trails

Restoration of the woodland continues to be managed by Munster Parks and dedicated volunteers (pictured on the reverse side) who maintain the vegetation and meandering Eagle Scout trails.

Heritage Park Preservation

1910 Kaske House

The 1910 Kaske House was built as a residence for the Stallbohm family by the Kooy brothers after the old inn was lost to fire on Halloween night in 1909. Helen Kaske Bieker, daughter of Hugo and Wilhelmina Stallbohm Kaske, sold the property to Munster Parks in 1986. Restored by Munster Parks in 1995, the Kaske House was listed on the National Register of Historic Places in 1998. The Munster Historical Society furnished the home and, in 1997, opened a museum. Munster History Museum volunteers give educational tours of the Kaske House that promote the history of Munster.

To celebrate the Town of Munster's centennial in 2007, the Munster Civic Foundation commissioned a South Shore poster honoring this century-old landmark.

1937 Aeromotor Windmill

Donated by the family of C.D. and Cora Schoon, this vintage windmill was moved from their farm by Munster Parks staff who restored and erected it at Heritage Park in 2001.
