

Munster Historical Society Hosts Hoosier Hoopla!

Munster High School Camerata Orchestra conducted by Bridget Parker, Director of Orchestra, School Town of Munster

What's all the "hoopla" about? --- Indiana is celebrating its 200th birthday this year! The Munster Historical Society (MHS) is stirring up excitement about Indiana's landmark bicentennial birthday by hosting a dinner show event at Munster Centennial Park Ballroom on Friday, February 12. The event will feature a Hoosier-style sit-down dinner, birthday cake and ice cream, an Indiana medley instrumental performance by the Munster High School Camerata Orchestra during dinner, and historic entertainment.

"We're excited to have the Camerata Orchestra entertaining us again", stated Beth Palmer, MHS Board Member. The Camerata Orchestra was a hit when they performed during the Society's "Sold Out" Titanic dinner in 2012 that commemorated the 100th anniversary of the sinking of the Titanic. HFK Presents Terry Lynch has been a favorite character interpreter who has performed at Munster Historical Society events since 2005. "So many people

Benjamin Harrison

have been asking us to bring Terry back, so our Hoosier Hoopla! Indiana Bicentennial dinner event offered the perfect opportunity", reported MHS President Carole Cornelison. Terry Lynch will portray President Benjamin Harrison, Indiana's native son, the 23rd President of the United States. The appearance by Benjamin Harrison will delight the audience with first-hand knowledge of Indiana history delivered with a down-to-earth Hoosier sense of humor. Terry Lynch is serious about history, but he knows how to have fun with facts, which is just the ticket for Indiana's 200th birthday celebration.
